

XIN HONG NEW MATERIALS CO.,LTD

China manufacture of color coated steel coils, prepainted steel PPGI, Galvalume.

PPGI SPECIFICATION

Standard	ASTM A653, JIS G3302,GB/T3830-2006
Grade	SPCC SGCC SGHC Q195 Q235 Q215 DX51D
Thickness	0.12-1.4mm
Width	600-1250mm(usual size:762mm,914mm,1000mm,1200mm,1219mm,1220mm,1250mm,)
Base metal	Galvanized steel coils
Zinc coating	60-275gsm
Coil Internal Diameter	508 mm/610mm
Surface treatment	Bright and clean, smooth and flat
Coating structure	Top+ Prime/Back, PE/EPOXY; 20- 25 microns/5-7 microns
Lifespan	10-15 years, very strong corrosion resistance it wouldn't fade.
Tolerance	Thickness:+/-0.05 mm, width: +5/-2 mm; Total quantity: +/-10%,Zinc coating: +/-10%
Tensile Strength	>300mpa
Yield Strength	370-380mpa
Machine features	Suitable for molding and join-up shaping, welding processes
Coating thickness	Top:17-25um back:5-8um
Color options	Ral number or as per your request
Type	Steel coil/Steel sheets or plates/Corrugated steel sheets or plates
Packing	Standard seaworthy export packing: 3 layers of packing, inside is kraft paper, water plastic film is in the middle and outside GI steel sheet to be covered by steel strips with lock, with inner coil sleeve
